Music administration and data-focused coordinator with hands-on experience in metadata accuracy, music use reporting, and catalog/database management across sync licensing, sports cue sheets, and content tracking systems. Information Technology degree background combined with formal music industry training, including direct research with Position Music, Beatport, and Rostrum Records on label and publishing strategy.

EXPERIENCE

AI Evaluation & Media Operations Fellow, *Handshake*

Dec 2025 – Present

- Evaluate audio, visual, and written media outputs against structured rubrics, maintaining consistent accuracy and documentation standards across high-volume data workflows.
- Complete certification training before each new task type, demonstrating fast ramp-up on new data and evaluation frameworks.

Talent & Project Operations Intern, *Common Thread Entertainment*

Jan 2025 – May 2025

- Evaluated and cataloged 137 voice-over artists across a structured database, maintaining accurate, searchable records to support casting and content localization decisions.
- Tracked and coordinated project pipelines across 5+ simultaneous workflows, managing documentation and reporting across a distributed team.

Creative Project Coordinator, *Shades Collective Inc.*

Oct 2024 – May 2025

- Coordinated music clearance with international artist teams and managed rights workflows between creative, legal, and budget stakeholders for a 10-episode documentary podcast.
- Managed budget-conscious resource tracking for on-the-ground production needs, monitoring costs against tight budget parameters.

Sync & Metadata Project Intern, *Position Music*

Oct 2024 – Dec 2024

- Verified metadata across 50–60 NBC Sports cue sheet entries per cycle, ensuring accuracy across music use reporting deliverables for multiple third-party partners.
- Cataloged 200+ TV, film, trailer, and advertising placements in Excel, maintaining accurate licensing and metadata records across the full catalog lifecycle.
- Built and categorized 10–20 DISCO playlists aligned with creative briefs, working directly within a major music database and licensing platform.
- Coordinated sync licensing workflows across 10–15 quarterly ad placements, managing documentation between internal teams and external production partners.

Podcast Producer & Content Strategist, Arts Management & Technology Laboratory, CMU

Sep 2023 – May 2024

- Produced monthly analytics reports translating performance data into operational recommendations for content and scheduling decisions.
- Managed the end-to-end production pipeline for 16 episodes across two documentary-style series, coordinating schedules, editorial decisions, and delivery timelines.

EDUCATION

Master of Entertainment Industry Management, *Carnegie Mellon University, Heinz College*

Capstone: Remixing the Music Industry: Strategies for 21st Century Record Labels; led executive interviews with Position Music, Beatport, and Rostrum Records on label strategy, catalog management, and publishing structures.

B.S., Information Technology, Summa Cum Laude, Honors Program, *Delaware State University*

President's List (3 years), Dean's List, Premier Platinum Scholarship, Apple Propel Scholar. Thesis: Speech-Based Emotional Recognition Using Convolutional Neural Networks; applied data modeling and statistical analysis to audio data.

SKILLS & TOOLS

- Music publishing and licensing fundamentals: DISCO, sync licensing, music cue sheet reporting, metadata management
- Advanced Microsoft Excel, including large-catalog data tracking and accuracy auditing; Word, Outlook, Google Drive
- Database and tracking systems: Airtable, Notion, Asana, Trello, Monday.com, Jira
- Data analysis and reporting, including translating performance/usage data into operational recommendations
- Fast technical ramp-up on new analytics and reporting tools, supported by Information Technology degree background
